When there is an emergency,
get the information first
with TorranceAlerts

The City of Torrance mass emergency notification system, **TorranceAlerts**, enables you to receive informational messages from the City in the event of an emergency.

Alerts can be sent via landline phone, cell phone, text message or email.

TorranceAlerts is a free service provided by the City to help make sure you have the information you need when you need it.

Registering for the system should be part of your personal emergency preparedness plan.

Information sent through **TorranceAlerts** system is intended to help keep you updated should the City or region experience a significant event such as an earthquake, fire, public health emergency or similar situation.

SHELTER IN PLACE

KNOW WHERE. KNOW HOW.

1 Go inside. Close all windows and doors, and turn off any ventilation systems and close fireplace dampers. If odor is present, seal room using wet towels at base of the door.

2 Stay updated with TorranceAlerts; watch CitiCABLE or KNET 25.2 over the air; tune radio to CitiSOUNDS 1620AM; check City Facebook and Twitter feeds.

3 If driving, continue unless you are told to stop; if parked, shelter in place. Close all windows and turn off vents. Tune to CitiSOUNDS 1620AM for updates.

4 Remain sheltered in place until the all-clear is given. Once the incident has been resolved and the emergency passes, air out the building.
